Even though our visits to Texas were seldom, when we did, I always had a great time. Whether we stayed at the house all day, or walked around for hours at the mall, each day is filled with loving memories. I have great memories of my sister, you, and me either hanging around watching movies and doing puzzles all day, or Rose and me spending countless hours jumping around on the trampoline while you laughed at the moves we came up with. These days will forever be in my heart and I'm so grateful that I grew up knowing you and being able to have the relationship we had. You will be missed. Love, Alex

I remember Nancy when we were teenagers at Sunset High School. She was a lively, lovely, good-humored girl. Even throughout her illness, she remained a Sunset Bison, and it was always a joy to see her at our reunion luncheons. Jack, please accept our deepest sympathy. Susan Moore Hunt

I will remember Nancy for the wonderful, unique friendship we had. We worked together at UT Southwestern for 15 years and our friendship grew over the years. She always had a beautiful smile, was quick-witted and funny, and had a zest for life that was hard to match. Nancy and Carol Jean were my mentors in playing scrabble (and almost always beat me); she loved traveling and dancing. Whatever she did she did it well. Nancy was fortunate to find love again with Jack, and he has been her constant companion both before and after her illness. Jack, I will forever be thankful for how hard you fought to get Nancy the care she needed and for being there for her. DK, you know how much your Mom loved you. You gave her so much joy and laughter, and I feel lucky to have been part of that. And then you gave her Vicki, Alex and Rose. I'll never forget how excited Nancy was when she found out Alex was on the way. Though she always loved St. Thomas, I'm pretty sure the grandchildren tipped the boat, and made the decision to move down there even easier. I wish with all my heart that could have happened. I always felt better know Nancy was in this world even though we were living far apart, and I'll miss knowing that. Love to you all, Joie Shelton

Dear Grandma Nancy, I remember when we were at the mall with Alex, Paca Jack, my dad, and you and me and my legs started to get tired so you said I could sit own your lap and drive around on your chair. I wasn't that good of a driver so Paca Jack would say 'Watch out there's a crazy driver on the loose!' We were all laughing and having a good time. You always made me laugh and have fun. I also remember going to your house and jumping on the trampoline. You always had a big smile on your face while watching us jump around. There are so many good memories that I have of you and I will miss you dearly. With all my love, Rose

Beloved Grandmother of our 2 daughters. Her last day before she became sick 12 years ago Rose just 11 months took her first steps into her loving arms. I feel so much sorrow that she was denied the ability to participate in their upbringing. We cherish the time we had with Nancy. Rest peacefully Grandma. Love Vicki
