The loss of a man who has touched so many people with his kindness and spirit is great. The legacy of such a man is even greater. I am privileged that you allowed me into your home and your lives as your social worker, and I am honored to have become your friend. Thank you.

GOD'S GARDEN God looked around his garden And found an empty place He then looked down upon the earth And saw your tired face He put his arms around you And lifted you to rest God's garden must be beautiful He always takes the best He knew that you were suffering He knew you were in pain He knew that you would never Get well on earth again He saw the road was getting rough And the hills were hard to climb So he closed your weary eyelids And whispered "peace be thine" It broke our hearts to lose you But you didn't go alone For part of us went with you The day god called you home
