Cathy was a spark of positive energy when it was most needed. A call to AMX Tech Support was usually necessary because of a problem. Just hearing Cathy's voice on the line helped to drop my stress level a few notches – I felt I was already in good hands! My calls are occasional – we are a small, project oriented company. I remember the time she answered and when I said who it was, something clicked and she immediately asked – "are you the one who sent the beer and snacks to Tech Support?" It took some doing considering we are in Canada! She just had a great way with people! She will be missed by many and hopefully the comments in this tribute page will help the family – at least a little bit. Take care.

Cathy and I sat beside each other at AMX for many years. My husband passed away in 2001 and Cathy helped me thru so many hard days. She was ALWAYS there for me. Her faith was strong enough for everyone surrounded by her. To her family – Steve, Amber, Taylor, Bryce and baby Adam – you were blessed to have her as a wife, Mom, and grandma. Please carry her spirit in your heart for the rest of your life. Much love and many hugs are sent your way.

Cathy was truly a ray of sun shine every time we talked. I worked with her in the AMX Synergy Dept and while she was the coordinator in the Tech Support Dept. She always had a smile and kind words. Her faith in Jesus was always strong. I will miss talking to her when I call in in for support. She always, always asked how my twin babies were knowing that my answer was always gonna be "perfect". She would always say that her family was perfect too. ?? I'm sure Steve and the rest of family will miss her dearly as will everyone who has had the pleasure of meeting Cathy. Her middle name, Jewell is very fitting. Jewels are rare and Cathy was certainly a Jewel.

I've had the joy of speaking to Cathy on many occasions when calling in for dealer support. I particularly recall her sense of humor and wonderful personality. She had a way of making you feel like an old friend calling in, which is amazing because she could do this within a moment of the call. It's fun to realize now that the presence and light of Christ in her life was what she shared and came across even in a simple thing like answering a phone call (Matthew 5:14-16). God is a wonderful God and his plan is perfect. I'm happy that Cathy's at peace, and I pray for your family too. We will all be reunited one day, and I pray that God's peace will be with each of you as we await that day.

I spoke with Cathy on many many occasions and met her twice while down in Dallas at AMX. I consider her being on the front line of AMXs tech support integral to the overall success of their support efforts. Her bright spirit and joy always keeps a person who is generally calling about a problem calm and reassured that help is forthcoming. Her grace under fire is inspiring and I pray her family and friends and AMX work buddies will find healing and solace over time. It was an honor and privilege to have known her. May the Lord bless her family and friends with the knowledge of a joyful reunion to come.

Cathy, was a very sweet spirited person. She always had a smile on her face. She always made a bad situation into a positive one. She really touched my life by working together and staying close friends. To the family keep your hands in God's hands. Just think of all the memories you have of Cathy and the things she did to make others life happy. Even when she was sick she was worried about others instead of herself. I know God is pleased and happy to have her by his side. She was a true trooper for God's team. Cathy texted me about two weeks ago and told me she was happy and what every God has for her she is ready. I will truly miss my friend. She has left each you with something to carry on. Just remember how loved to help other. She was never selfish. Just keep that same legacy going on for her. To each of you from my family we love you and you are in our prayers a
