Pete, a co-worker and friend; God saw you getting tired and a cure was not to be. So He put His arms around you and whispered "come to me." With tearful eyes we watched you, and saw you pass away. Some of you know my parents anniversary is around the corner October 23. This weekend will be really hard. My mother's birthday falls on the same day. A gift of love from my father to my mother. Celebrating her!! My father always thought of my mother first. She has been his strength and his life. Now she is still strong but now for my brothers and sister. I love her so very much for all that she has done for us and for opening her life to us. Dad I miss you and I don't think that will stop. I was looking at some old pics and came across an old pic of you and mom on your way to Vegas to get married. I see in your expression you had finally found happiness. Dad I never said this but " Thank you for Mom". I want you to know that My PROMISE to you will never be broken. Thank you god for my fathers time with us and Lord I pray for my mom. May she still blossom even more in your grace.

What an honor to have known this Man. I first met Pete in Sept 2007 and then had the opportunity to get to know him while we were both at Beale AFB during an Intelligence system install. Pete's role as a Sergeant Major rolled on well after his retirement. He took the opportunity to pull this young captain aside and straighten me out more than once...he always had timeless advice, truly cared about what he was doing and passed on his knowledge to those that would listen. To Pete's family, I'm not sure how much Pete was able to share with you about what he did, but to say the least it was/is very important work and directly impacts the lives of his beloved Soldiers, Marines, Sailors, Airmen and everyone else in the fight today. God Bless you Pete, and thanks for taking the time to mentor me.
