Tracy, our hearts and prayers go out to you. If memories make you rich all those that knew Brad are by far to wealthy to speak of. When I got the news all I could do was think of the times we shared, hiding out behind the little store, giving Harold a hard time in Ag class and so many more. But the one I hold deep was blocking for Brad in the playoffs while you cheered for us! I still don't care much for Buffalo. We love you deeply, and may the Lord hold you and the boys in his hands forever.

I am speechless. I just found out or I would have attended the service. I am so stunned I can not begin to even think straight. Tracy I worked with Brad at Bank of America for 8 years before I left. I loved Brad's huge heart, his ready smile, and wonderful sense of humor. He was one of my favorite people on the planet. They do not come any better than Brad. I worked on the trading desk with him and he always made you smile and feel better about life. Please know your family will be in my prayers. I guess God needed an angel that will make him smile and laugh everyday.

Tracy, please know that you are in our prayers. We have nothing but happy memories of Brad. He was a very special guy with a unique gift of making everyone feel like they were the most important person he knew. Of course, most of my memories are from high school. Don't tell Mrs. Boyer but I never would have passed algebra without Brad! (even though he slept through class!) He was a great friend to my brother and never treated me like the little pest that I'm sure I was. You know that you are very special and I will be praying for you as you go through this difficult time.

A substantial loss to the world. I have nothing but fond memories of Brad thru school. Always smiling, always fun to be with and especially kind to me as an upperclassman. He was never mean or cross to the younger kids like me. My travels in life kept me from crossing paths with Brad and Tracy, but I was so fortunate to see them and have dinner with them last year before I deployed overseas. Brad still had that wonderful smile that lit up the whole room and a twinkle in his eyes that made you wonder what he was smiling about. I for one feel a great sadness. I send you my love Tracy in this difficult time. Know we all support you and are here for you and your precious family as you work thru this.

To the entire Cink family, mere words cannot express my heartfelt sympathy for all of you. Memories run deep from hunting, fishing, to basketball on the old gravel driveway. Brad excelled in everything. Our one on one chess matches at home were lopsided I believe I won once or twice. In later years seems he and Tracy were always near Medford when I was home, and we were able to do some catching up. Trips home will forever hold an eerie emptiness knowing his big smile will be missing. Till we meet again to share a laugh good brother.
