Jay, since I can't come to your services I want to say my goodbyes. One of the last things you said to me was that you truly believed that I loved you and would do anything for you and that I loved you for who you are, what you are and how you are. That was all you ever asked for in life. That I made you very happy. I will miss you and you will be forever in my heart. I am so blessed to have known you and for you showing me how to love, live and be free. I am glad that God took you doing what you loved best, riding your motorcycle. You said that there was nothing better than the feel of being free and that it took away the stress of life when you were riding. I know that you are with God now and at peace.

Sometimes God puts people in our lives even if for a short time. Sometimes we don't know the reason but should be blessed to have had them in our lives. I was blessed to have known Jay even if for a short time.
