My Dear Brother, I already miss you so much. What am i going to do without you here. My heart is very heavy right now as we put you to rest today. I will cherish all the wonderful, funny memories that we shared together. But my most cherished is the last night we spent together while you were here on earth, when it was just you and i in your room, and i got to hold you close to me and feel your heart beat as i watched you and told you just how special you are to me. That is only something that you & i shared together for the very last time and i will never ever forget it. Hardy I love you with all my heart and i am just so grateful that you are now at peace and pain free Brother.....I love you ! Your sister " Debreese-e-o "

Every memory I have of Hardy is memories full of laughter, smiles and jokes. He was the funniest person. He could make you smile even if you didnt want to. Hardy came to spend some time with us one summer. My dog died and Hardy started singing Ol Shep by Elvis. I remember when he started singing I just laughed and laughed. He made me feel better even though I had lost my dog. God Bless everyone in the family and I love yall.....
