I wanted to convey to the family how fortunate and special it has been knowing both Carroll and Kathleen. My mother and dad traveled and played with them both later in life. There is something "special" about seeing your parents "enjoy" life. They had a blast with the "Tarpleys". The dinners, the trips, and just being together were special. My mother and dad have always expressed how fortunate they were to know just genuine and loving people. I'm sure the fun that they all had together greatly enriched all of their' lives. There will be another void in my families "heart". Sometimes it was hard knowing where the "group" was when they were traveling around here on earth. We know now, however, where Kathleen and Carroll can be "reached" forever and always.
