Grandma will be truly missed. You could always count on grandma for a good laugh Whenever the day was a little tough. I would go and talk to grandma and within mins she would have me cracking up. She met my daughter once many years ago at a company function and all the way up to this year she would ask me about her well being. She was truly concerned about your family. I remember several customers that didn't agree with having to pay for a repair on their vehicle that they had for a year are so and would actually tell me they are going to tell grandma on me. And she would actually call me to plead their case. I absolutely loved that she was so involved and cared for "her" customers so.Miss you much GrandmaDon Goodacre

What great memories we have of many camping adventures with the Chaney family! Christine and my Mother cooked meals over the Coleman stove as we traveled. She was a true example of a Christian woman and was always supportive of our church and pastors in the BMA. Gwen Phillips Williams and Wilson
