Roy, Robyn and Craig, I have many fond memories of those years in Michigan growing up with Evelyn. As you know, we are only two years apart in age and when we were teens, she took great pride in reminding me, regularly, that she was the older Price Grandchild. We went to school at different high schools that were only two miles apart that were great competitors in all sports and academic competitions. Needless to say, we had many friendly "arguments" about which one of us went to the best high school. Those days are very fond memories for me. It was great growing up with a cousin about my age. In later years, I didn't get to Richardson as often as I wanted to but value the times that I was able to spend a few hours with her. My family sends its most sincere condolences for your loss.
