Megan Elise Harrison

NOV 9, 1987 - FEB 19, 2025

Megan Elise Harrison, 37 years old, of Odessa, Texas, left this world on February 19, 2025, in Richardson, Texas.

Megan was born on November 9, 1987 in Odessa, Texas to Thomas (Tom) Harrison and Keri Teegarden, her loving and devoted parents. She was raised with Christian values that guided her and provided her a solid foundation, which was her life's support system. Tom took great pride in being her father and will dearly miss her. She was a devoted daughter, and her "Daddy" always called her his "Little Sweetheart."

She worked as an administration manager with Pilot Catastrophe Services in Richardson, Texas, where she was highly respected and loved.

The Harrison and Teegarden Families are devastated by this loss. Megan was just 37 years old and had a vibrant future ahead of her. In coping with this devastating loss, her families and many friends will cherish the memories they had during their time together, including grilling on the weekends and devoting spare time to her adored pets.

Megan is survived by her father Tom Harrison, mother Keri Teegarden, brother Jacob Harrison, stepmother Desiree Harrison, paternal grandfather Joe Harrison, maternal grandmother Kay Teegarden (Nana), preceded in death by paternal grandmother Loretta Harrison and maternal grandfather Bob Teegarden along with many surviving aunts, uncles, cousins, nieces and nephews.

Her father Tom always reminded her...absent from the body, present with the Lord. To live is Christ, to die is gain. We take comfort knowing that she is resting in Christ's loving arms. She will be greatly missed and will forever remain in our hearts.

I met Megan through work in Corpus Christi. She was the sweetest person and was the first to befriend me. I have so many memories of her both in and out of work and in every single one we're laughing. She could always make your day better. She was such a beautiful person inside and out. We will definitely miss you sweet girl. Rest in peace mini Megs.

Megan and I have known each other for nearly 20 years—she's been one of my best friends since junior year. She wasn't just a friend; she was like a sister to me. She stood by my side during some of the hardest moments of my life, including when I lost my dad. The memories we shared are countless, filled with laughter, love, and a bond that time could never break. The last time we spoke, we had made plans to get together, but life got in the way. My only regret is not making it happen sooner. Time is so fragile, and I wish we had just one more day. Megan was a truly remarkable person, someone whose kindness and love left a lasting impact on everyone who knew her. She had a heart of gold and brought light into so many lives. My heart aches knowing she's gone far too soon, but I find comfort in the love she left behind. She will always be in my heart, and I will cherish every moment we shared.

I knew you for almost 19 years and met you when we were just kids. I told you I'd love you for the rest of our lives and I did. I'll miss the stories you told about your entire family and things we shared between the two of us. I'll miss listening to you vent or laugh. I'll keep praying for your family, friend, in things only you and I knew about. It still feels like a cruel joke someone is playing on me. To her family, be there for each other and love each other the way she loved you. She's with her Grandma now; the love of her life. She talked about her and cried about her often. Veronica

Megan was a dear friend of mine that I met 10 years ago. Throughout the years our conversation would pick up as if it never ended. We went to see our fave comedians over the years. Was always such a fun experience. She was there for me when I lost my father, knowing just how close she was to her own father gave me peace. Megan always had a great attitude even if she was going through something. Her love for the Lord was a true inspiration to me. Rest in Heaven sweet girl and I'll see ya around. 🙏

Sedgwick Banks sent a virtual gift in honor of Megan.

5. Matthew 5:4 "Blessed are those who mourn, for they will be comforted." Jesus' words in the Beatitudes bring peace to those who are mourning, promising that God will comfort them. This verse reminds us that even in the midst of deep sorrow, God's comfort is available to us. We are blessed in our grief because God sees our pain and offers His tender care, holding us close during times of loss. I needed this to help cope with the loss of such a beautiful and sweet person. I had the pleasure of seeing her around her family when (in my opinion) she shined her brightest. She was always accommodating and selfless and it was a pleasure to see that in her. Megan thank you for the impact you had on me and those around you. S. Banks

Megan was a true blessing in my life, and I am beyond grateful to have had the honor of calling her my friend. But more than that, she was like a sister to me. Her kind and forgiving nature was unmatched, and the love she had for God, her family, her job, and the people around her was unwavering. She had a way of making this world a better place just by being in it. Not long ago, I had a conversation with Megan about life and the possibility of something happening. In true Megan fashion, she stood strong in her faith, trusting in God's will. But she also made it clear how much she loved her family and how much she cherished every moment with them. That was just who she was—someone who embraced life fully, loved deeply, and gave selflessly. It's often said that God has a sense of humor and that we are made in His image. If that's true, then Megan was proof of it. Because if you knew Megan, you knew that girl could get you laughing no matter what. Her joy was contagious, her spirit was uplifting, and she had a way of making even the hardest days a little bit brighter. Megan was the kind of person who made this world worth living in. She was a light, a reminder of what it means to be kind, compassionate, and strong in faith. If there's one thing we can all take from her life, it's that love, faith, and kindness leave a lasting impact. When someone like Megan walks into your life, you understand why God would want her back—because she was always meant to be an angel. And now, she's exactly where she belongs, watching over us with that same beautiful heart, radiant smile, and, no doubt, cracking jokes in heaven. It's incredibly difficult to say goodbye to someone so loved, and I know the pain of never seeing Megan again feels unbearable. But I truly believe that love like hers never really leaves us. Though we may not see her, we will always feel her—with every shared laugh, every act of kindness, and every moment we choose love over anger, just as she would have. Megan left behind a legacy of faith, joy, and unconditional love, and as long as we carry those lessons in our hearts, she will always be with us. While we grieve her absence on Earth, I find comfort in knowing this isn't truly goodbye—just see you later. One day, we will see her again, and when we do, I have no doubt she'll be there with that same beautiful smile, ready to welcome us home. Until then, we honor her by living as she did—with love, laughter, and faith. With love, Selina

Megan was a sweet girl who finally started seeing beauty the way we did towards the last couple of months. She made sure to let me know she was excited for the group girls night that we were still planning. She was quiet and I probably annoyed her sometimes by forcing her out of her shell with me, but she knew I cared for her. 🥰. When she was in the hospital I tried to make sure to check in on her but I would have bugged her daily if I knew things would turn out the way they did. Megan was a lucky girl with a father that doted on her and I'm comforted knowing she knew she was loved til the end. She will be missed sorely.
