“ To The Family

I had the distinct honor of knowing Carroll from the various Republican groups we were members of, and from our discussions about the role of the Judiciary. Everyone knows he was passionate about politics, but it is "why" he was so passionate about it that I found so endearing. Carroll understood how politics directly impacts people's everyday lives, and Carroll loved people.

He was intelligent and so well-informed about the issues that candidates and elected officials sought his endorsement, and others trusted Carroll's opinion and judgment in deciding who they should support. But what I will remember most is how he embodied what it means to be a "gentleman." Carroll was chivalrous, courteous, kind, and honorable, I miss him, his mentorship, our friendship, his laugh, and our long talks together.

“ Alice and Family,

Tom & I became acquainted with your Dad through his work with conservative grassroots groups. He kept up on the issues and was a great organizer. His Texas roots showed through his diligent work to always work to keep Texas "Red" . When he could no longer drive he was concerned about missing important meetings & events. Alice you were his "sunshine" by driving him to many of those events and allowing him to stay connected to what he loved to do. He was a "true patriot" in the sense of always caring for what happened in his community and country. He will be missed.

“ Karen, Alice and Max- so sorry to hear of the passing of your precious father. Growing up in Richardson, I had the delight of being on his various SVAA teams. What a fine coach/man he was! One thing always stood out...it wasn't about the Victory- to walk away a good sport was THE VICTORY! Your Dad was the pillar for SPORTSMAN.....his gentle way and loving heart will be missed.
