“ If you were lucky enough to ever meet John you became a friend of John's. He was so easy to like and I never heard him say anything bad about anyone. He loved his beautiful 1969 red Mustang and we could always hear him when he was coming due to the exhaust. Anytime we were both up at Mike Horner's car repair shop we would kid each other about whose turn it was to supervise Mike and then the 3 of us would have a laugh.

John was a special guy and will be missed forever. Even knowing John was in the hospital I was stunned when told he had passed away.

Sandra, I know this is a hard time for you and your family but the memories will stay strong forever. God bless you and your family. If there is anything Kathy and I can do to help please give us a call.

“ Sandra-We are so very sorry for your loss. We will all miss John and our prayers are with you and the entire family. During Covid we missed our occasional Saturday dinner and drinks. We were glad we both got to see John one last time at Medical City. With sympathy and love, Sally and Danny Freeman
