

Kathleen Bone

January 1, 1945 - February 16, 2020

Born in Brownwood, Texas on January 1st, Kathleen Bone was the first baby born in Brown County, Texas in 1945. She spent her formative years in Oak Cliff and during her high school years served as a Dallas Cowboy Cheerleader from 1961-1963 (called “The Cowbells” during those years.) She was an excellent student, earning the honor of Salutatorian of her graduating class at Kimball High School. Kathy earned her Bachelors degree from Stephen F. Austin State University, obtained her teaching certificate, and taught in the Dallas Independent School District. She also worked for many years for the Dallas Public Library. Kathy’s greatest gift to the world is her endless, abundant love. She had a unique life of spiritual exploration, and was extremely ethical, honest and altruistic. Kathy passed away after a short but brave battle with cancer. The sadness felt by this loss is outweighed by the rich legacy of love and light she leaves behind for us all. Kathy is survived by her son George, son-in-law Joe, her three cherished grandchildren Emily, Brian and Alan, and her sister Sylvia. She is preceded in death by her parents Lucien Sr. and Jim, and her brother, Lucien Jr. Kathy’s life celebration will be at Noon on Saturday, Feb 22 at Midway Hills Christian Church 11001 Midway Rd Dallas TX 75229.

“ Kathy was an adored older cousin and she made every family event a joyful encounter! She always had a beautiful smile and some new saying that, at the time, seemed hilarious. " Well Great Honk" comes to mind. Like a border collie among sheep, she made quick work of herding us in and regaling us with her stories and jokes. I remember lots of laughter, swinging in our Grandmother Bone's porch swing and singing hymns, and often walking to the post office to get Grandmother's mail. This was the old time metal post office box with a combo lock and we would argue over who got to turn the lock. Kathy or my brother always won but that was ok because it was fun. We would also hear the signal bells heralding an approaching train and run the few blocks downtown in Ferris to watch the trains. These were simple pleasures decades ago yet they remain memorable due in large part to Kathy and her entertaining wit and personality. Rest in peace, Kathy! We shall all miss you!
