“ Dad, I think about you every minute of every day. The last time we spoke on the phone, you couldn't say I love you enough. I miss talking to you, I miss your hugs, I miss how interested you were in your grandchildren, I miss your voice, I miss YOU. I loved how wherever we were when we were together, you'd always tell people I was your daughter, even if you didn't know them. There are so many things I loved about you, Dad. I wish I could talk to you and tell you about them. I will always love you, Dad

“ I remember the time we made that “movie” all those years ago. I still have a copy of it, and laugh every time I think of it. It was so fun making it! I will treasure that always. Uncle Richard was always so nice to me. I will really miss him. I am thinking of you Aunt Donna. I love you very much and think about you very often.

“ Richard was a great friend and co-worker. I learned a great deal from him, and smile every time that I think of him.

“ Donna I am so thankful we reconnected and that Jess and I had the opportunity to get to know Richard. We enjoyed our trips together so much and will always remember Richard's gentle nature and kindness. I pray God's grace, love and mercy will sustain you during the coming days of adjustment.
